THE STORY

Immediately upon purchasing this 100 year old farm house property with my husband in 2008 I imagined a photography studio in the backyard. With a little TLC and some hard work we transformed the grass and fallen down apple trees into a photo studio and suite in 2009. As with many things our vision changed over time, we moved off the property and my photo studio stood empty (and a little sad I must say) for many years. It became little more than a storage unit for all of our broken things. We were busy raising our kids and running our businesses and my studio was sadly neglected. I was shooting less newborns and studio imagery and more onsite and mainly weddings. In 2020 when the world seemingly stopped spinning, our businesses also came to a grinding halt.

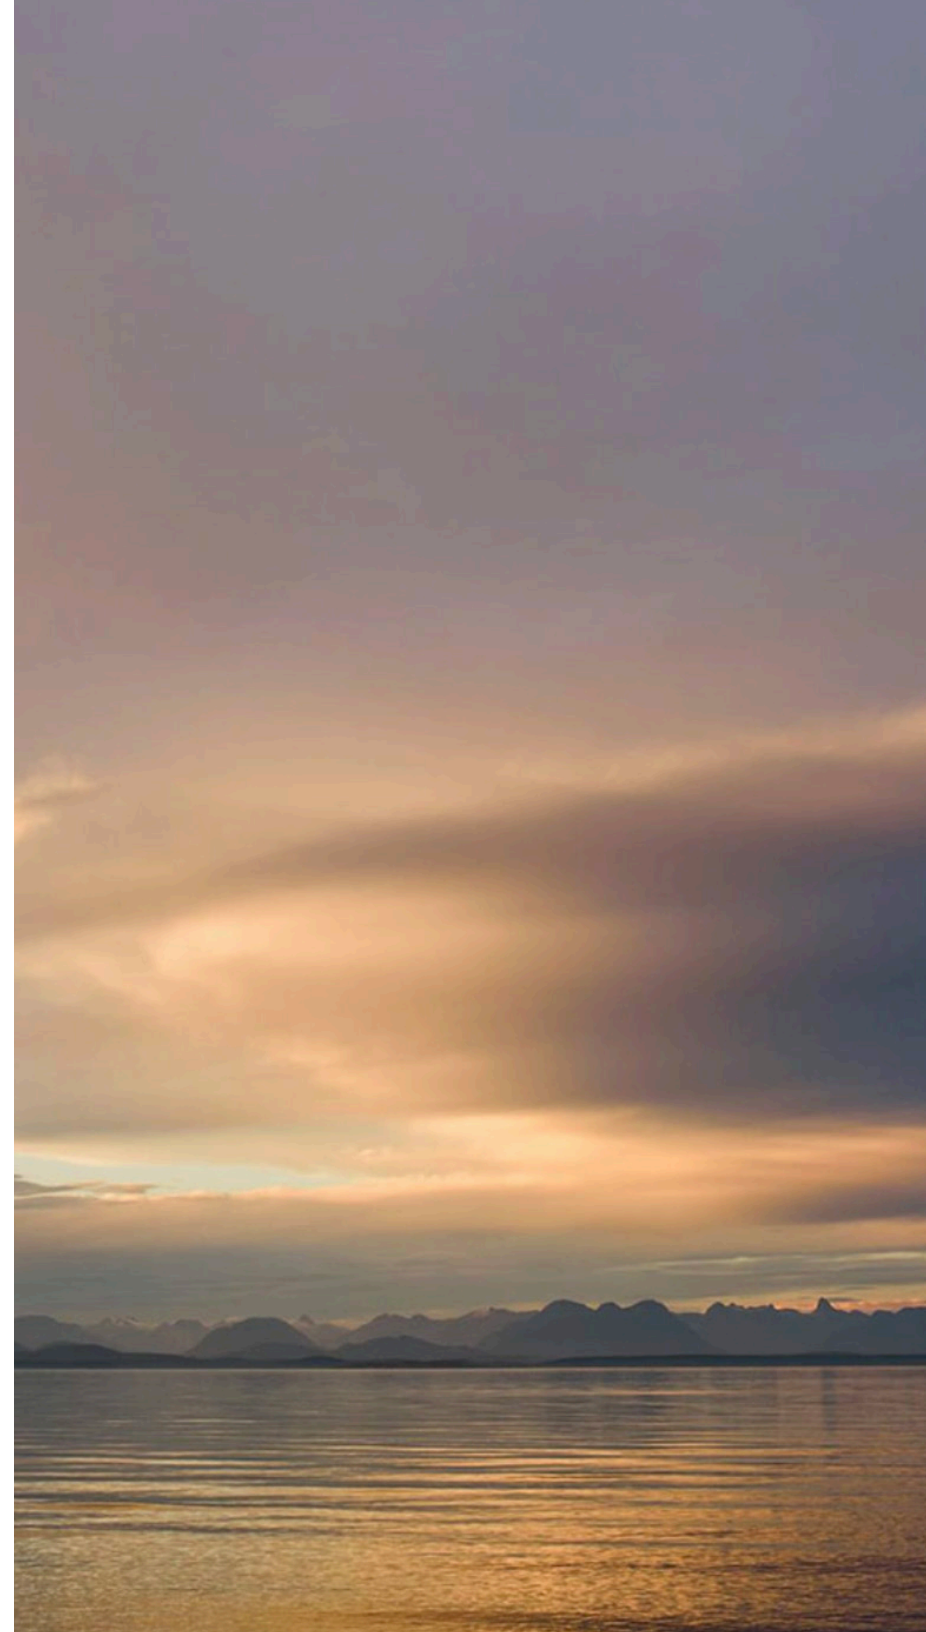

Fortunately for me, my creative brain rarely shuts down and my wheels started turning about how we could utilize the studio space in a different way. We decided it was time to turn the studio into something we could get more use out of and share with others venturing to our amazing seaside town.

# WELCOME TO CAMPBELL RIVER

λəmatax<sup>w</sup>, Campbell River, is nestled within the territory of the Liǵ<sup>w</sup>ɪɫdaǵ<sup>w</sup> peoples; the WeiWaiKai, WeiWaiKum, and Kwikiah Nations.

The waters of Discovery Passage at our shoreline and majestic mountains as a backdrop, Campbell River is located at the 50th parallel on the eastern coast of northern Vancouver Island. We are the third largest city on the island, with a population of more than 37,500, and serve as the urban service centre and hub community for approximately 60,000 people living and working in our region.

Having been born and raised in Campbell River, we know the area and all the best hot spots! We are thrilled to share a little of what this amazing island town has to offer. Lucky for you, our suite is centrally located and everything you will need is just a short distance away. The following pages include a few of our favorite highlights, and in addition we recommend Destination Campbell River who offer endless insight into what to do, eat, see and explore in our area.
